Thank you for your support!

Your donation will be combined with the stewardship and legal defense funds that support the perpetual care of all our preserves. These funds are invested as directed by our board. The value of the Redbud easement donation is estimated at \$1.5m. By investing in the stewardship of Cindy's Redbud Nature Preserve, you are supporting Bayou Land Conservancy's promise to partner with Cindy, Ray, and future owners to ensure that this land remains the way it is today, forever.
